## Portfolio

### TrustPower - Offer Zone

[www.offerzone.co.nz](http://www.offerzone.co.nz)

Application for the customers of TrustPower to benefit each other with special offers built on Sitecore.

This was a bespoke solution designed and built by the team at Cucumber allowing TrustPower business customers to give special deals to residential TrustPower customers.

### LK - Liquor King

[www.lk.co.nz](http://www.lk.co.nz)

Ecommerce site built using Cucumber CMS. This was a combined effort of Cucumber & Shift/Tequilla to design a new look e-commerce site for Liquor King, changing the brand to LK. In this project I was the lead UI developer, working with one other.

### Panasonic

[www.panasonic.co.nz](http://www.panasonic.co.nz)

Large scale CMS site with multiple sub sites for each product sub brand (Viera, Lumix etc). Panasonic's site was built over a couple of years by Cucumber and Publicis Mojo, with new brands added over time. The site also integrates with Panasonic's ERP system for business to business customers.
